

WELCOME TO OUR
ENTHRALLING STORY

ONCE UPON A TIME...

A young girl thought to herself “why do written texts have so many errors? I can help make it better!” and she set out to do just that.

This is Mosron Communications, one of the fastest growing public relations consulting firms in sub-Saharan Africa.

From being an exclusive and well-respected content development and editorial organisation, working with creatives and business executives...

...Mosron Communications has evolved to become a full-fledged bespoke public relations consulting firm, serving clients across the world.

We specialise in providing tailored public relations guidance, particularly in the areas of corporate, crisis and digital communications as well as event ideation and management to business-2-business and social impact organisations operating in and looking to enter the sub-Saharan market.

At Mosron Communications, our team of PR and digital communications professionals deliver bespoke communication strategies and deploy campaigns designed for maximum impact across all touch points. Indeed, many clients have attested to the beauty and impact of our seemingly simplistic, but highly effective strategies

We know that having a story to tell is the start point; telling that story to the right audience, at the right time and in the most appropriate format is what guarantees results.

We are specially equipped to serve medium and large-sized brands as well as multinational organisations looking to gain entry into the sub-Saharan and Nigerian market. Over the years, Mosron Communications has confronted business challenges with innovative strategies and result-driven implementation tactics that deliver the desired organisational result.

Ours is a story of deep-rooted growth, evidenced by our strong network both in public and private sector circles and in the diversity of clients we have served.
